Definitions

Regular hours are defined as the hours between 5am and 7pm.

Night hours are defined as the hours between 7pm and 10pm.

Double hours are defined as the hours between 10pm and 5am.

A minimum rate is used when a delivery location is within 30 miles of the pick-up location.

Waiting time is defined as time spent (more than 10 minutes at each location) at either pick-up or delivery waiting to be loaded / unloaded.

Note- Due to the extremely high gas prices that we're experiencing in Southern California, we have increased our mileage rates as of 05/24/2006. At this time, we are not using a percentage based fuel surcharge. We are adding a flat rate of \$17 to the total cost of every delivery.
